

**SOFÍA ZERBINO**

COMMUNICATION - PRESS

## **BIOGRAPHY**

Sofía is responsible for developing and implementing IDD LAC's global communication strategy. She also supervises the organization of events, collaborates with the daily operations, and serves as a support for the Institute's Directors.

Previously, she worked in the ASIET communication team, where she served as a content creator and designer, she performed as support on event organization, and external communication. She also worked at LACTLD as an Information Officer and participated as a representative of the organization in various forums and events related to Internet Governance and DNS (LACDNS Forum, ICANN, LACIGF, SSIG, among others). She wrote several pieces for both ASIET and LACTLD and did a collaboration for Observacom.

Sofía has a Communication degree from the University of Montevideo.

She speaks Spanish, English, and Portuguese.
