

GASTÓN SOUBLETTE

LOGISTICS ADVISOR

BIOGRAPHY

Gastón is responsible for prospecting projects and venues for future activities, and provides support to the Institute's Management.

Previously, he worked for 20 years as Director of Marketing and later as Director of Operations of the Inter-American Association of Telecommunications Companies (ASIET), where he was responsible for the logistics and organization of more than 80 events, in addition to representing the association in different events, such as FIEXPO and ICCA activities. Prior to this, he worked for more than 10 years in the region's aviation industry.

Gastón has a TSU in Aeronautics from the Simón Bolívar University in Caracas, with a specialization in SITA (International Society of Aeronautical Telecommunications) in Atlanta, USA.

He speaks Spanish and English.
